### MAJOR PROGRAM CHANGES

- **Proposition 57 Implementation-** Overall, the Budget includes net savings of \$38.8 million. The savings reflect the anticipated increase in the number of juvenile court commitments to the Division of Juvenile Justice, and the proposed parole and credit earning changes that result in reductions to the adult inmate population and increases to the adult parole population. The Budget includes \$6.7 million General Fund to implement an expanded parole review process for inmates convicted of a non-violent offense after they have served the full term of their primary offense, and to implement changes to offender credit earning for good behavior and rehabilitative achievements. The requested resources will fund additional case records staff to review and make various changes to inmate classification files related to the new credit earning structure and parole process, parole workload due to additional releases from prison, and Board of Parole Hearings workload for the increased number of inmates considered for release.
- **Video Surveillance Pilot Program-**The Budget includes \$11.7 million General Fund to implement a video surveillance pilot program at High Desert State Prison and Central California Women's Facility, aimed at improving the prison environment.
- **Drug and Contraband Interdiction-**The Budget includes \$6.7 million General Fund to add 42 canine teams to the existing 28. These resources will enable the Department to establish two permanent canine teams at each institution as a statewide drug and contraband interdiction strategy.
- **Roof Replacements-**The Budget includes an increase of \$34.9 million General Fund for roof replacements at the California Correctional Institution, Pleasant Valley State Prison, and Salinas Valley State Prison.
- **Transfer of Intermediate and Acute Levels of Care-**The Budget redirects \$254.4 million General Fund and 1,977.6 positions from the Department of State Hospitals to reflect the transfer of the psychiatric programs from State Hospitals to the California Department of Corrections and Rehabilitation to streamline operations. This transfer is effective July 1, 2017.
- **Receiver: California Prison Industry Authority Janitorial Services Expansion-**The Budget includes \$6 million General Fund in 2016-17 and \$13.8 million General Fund beginning in 2017-18 to expand California Prison Industry Authority janitorial services to space constructed through the Health Care Facility Improvement Program and Statewide Medication Distribution improvements.

## 5225 Department of Corrections and Rehabilitation - Continued

- Receiver: Health Care Appeals-The Budget includes \$5.4 million General Fund to establish a new health care appeals process based on a pilot program that was launched by the Receiver in September 2015. This process involves a clinical review to better respond to medical issues when inmates file an appeal.
- Receiver: Medication Management Staffing-The Budget includes \$6.7 million General Fund to augment medication management staffing at various institutions.
- Receiver: Health Care Assets Property Controllers-The Budget includes \$2.1 million General Fund to provide dedicated property controllers to track and service health care assets. These positions will track and schedule required maintenance to ensure timely completion, monitor expiration dates on materials for reordering or redistribution, and track all equipment to eliminate misplaced assets.
- Receiver: Suicide Watch Coverage-The Budget includes \$3.1 million General Fund for additional nursing staff to provide suicide watch coverage. The requested resources will provide additional staff at institutions with an Enhanced Outpatient Program or a Reception Center since these institutions have a higher rate of inmates on suicide watch, and temporary help resources at the remaining institutions.
- Receiver: Physician Retention Strategies-The Budget includes \$7 million General Fund to implement telemedicine and regional support team physician retention strategies to address issues with retention for physician positions.

### PROGRAM DESCRIPTIONS

#### 4500 - CORRECTIONS AND REHABILITATION ADMINISTRATION

The objective of the Corrections and Rehabilitation Administration program is to provide policy direction, accountability, administrative oversight, and support to ensure the overall success of all adult and juvenile correctional and rehabilitation programs. The program consists of the Office of the Secretary; Legislative Affairs; Public and Employee Communications; Internal Affairs; Audits and Court Compliance; Victim and Survivor Rights and Services; Support Services; Enterprise Information Services; Labor Relations, Regulations and Policy; Research; Legal Affairs; Leasing and Facility Management and the Office of the Ombudsman.

#### 4505 - PEACE OFFICER SELECTION AND EMPLOYEE DEVELOPMENT

The Peace Officer Selection and Employee Development program is responsible for planning, organizing, analyzing, and managing peace officer selection through the recruitment, application, testing, background investigation and medical/psychological screening processes. The program is also responsible for academy training, as well as employee development for all departmental staff, both peace officers and non-peace officers.

#### 4510 - DEPARTMENT OF JUSTICE LEGAL SERVICES

The objective of the Department of Justice Legal Services program is to provide transparency for the cost of legal services provided by the Department of Justice to the CDCR.

#### 4515 - JUVENILE OPERATIONS AND JUVENILE OFFENDER PROGRAMS

CDCR accepts commitments from California courts provided that the person to be committed was under 18 years of age at the time the offense was committed, can materially benefit from institutional programs, and there are adequate facilities available to care for the individual.

The objective of the Juvenile Operations and Juvenile Offender program is to ensure the operation of safe and secure juvenile facilities, to perform tasks related to routine day-to-day operations of the facilities and camp, and to provide juvenile offenders necessary services such as security, feeding, clothing, and facility operations. In addition, this program provides staff training, juvenile offender intake and court services, population management services, facility maintenance, and maintains juvenile offender master files. This program currently oversees operations for three facilities and one conservation camp.

Treatment programs begin by performing diagnostic studies, program assignment, objective setting and progress evaluation, and post release planning for each offender. Based on the results of this evaluation, various counseling and evidence-based treatment programs are available, including mental health and other cognitive behavior programs (i.e., anger interruption therapy, counterpoint, sex offender treatment, general population outpatient services, and substance abuse treatment programs), camp programs, and work employability programs. These evidence-based programs are designed to promote positive social behavior and reduce recidivism and relapse.

#### 4520 - JUVENILE ACADEMIC AND VOCATIONAL EDUCATION

The Education Services Branch of the Division of Juvenile Justice operates as a local education agency known as the California Education Authority. Its mission is to empower each student to become a civil, responsible, employable and knowledgeable lifelong learner. A key goal for education is to prepare students for successful transition to the community upon release.

## 5227 Board of State and Community Corrections

The mission of the Board of State and Community Corrections (BSCC) is to provide statewide leadership, coordination, and technical assistance to promote effective state and local efforts and partnerships in California's adult and juvenile criminal justice system, including technical assistance and coordination to local governments related to 2011 public safety realignment. This mission reflects the principle of aligning fiscal policy and correctional practices, including prevention, intervention, suppression, and supervision. The goal is to promote a justice investment strategy that fits each county and is consistent with the integrated statewide goal of improved public safety through cost-effective, promising, and evidence-based strategies for managing criminal justice populations.

Because the Board of State and Community Corrections' programs drive a need for infrastructure investment, the Board has a capital outlay program to support this need. For the specifics on the Board's capital outlay program see "Infrastructure Overview."

### MAJOR PROGRAM CHANGES

- State Penalty Fund Redistribution-Due to the continuing decline of revenues to the State Penalty Fund, the Budget includes various solutions to address the insolvency of the Fund, including direct appropriations from the Fund for certain departments. Specifically, the Budget includes a direct appropriation of \$17.2 million from the State Penalty Fund for the Standards and Training for Local Corrections program to maintain critical local law enforcement training services. The Budget also eliminates \$9.5 million Restitution Fund for the California Gang Reduction and Intervention Program but includes a one-time \$9.5 million General Fund augmentation to continue a modified and renamed California Violence Intervention and Prevention program.

**5420 Prison Industry Authority**

The California Prison Industry Authority (CALPIA) is a self-supporting state entity operating California's correctional industries in a manner similar to private industry. The CALPIA is overseen by the Prison Industry Board, which acts much like a corporate board of directors. The Board is composed of 11 members, including the Secretary of the California Department of Corrections and Rehabilitation (CDCR) or his or her designee, the Director of the Department of General Services or his or her designee, the Secretary of California State Transportation Agency or his or her designee, two public members appointed by the Speaker of the Assembly, two public members appointed by the Senate Committee on Rules, and four members appointed by the Governor representing organized labor and industry. The Secretary of the CDCR or his or her designee serves as chair of the Board.

The CALPIA supports the public safety mission of the CDCR by producing well-trained offenders that have a job skill, good work habits, basic education, and job support in the community to reduce the likelihood of returning to prison. The CALPIA work programs also help the CDCR to avoid the cost of alternative inmate programming.

The CALPIA has three statutory objectives: 1) develop and operate manufacturing, agricultural, and service enterprises that provide work opportunities for offenders under the jurisdiction of the CDCR; 2) create and maintain working conditions within enterprises similar to those which prevail in private industry to assure offenders assigned therein the opportunity to work productively to earn funds and to acquire or improve effective work habits and occupational skills; and 3) operate work programs for offenders that are self-supporting through the generation of sufficient funds from the sale of products and services to pay all program expenses, and which provide goods and services to be used by the CDCR, thereby reducing the costs of its operation. The CALPIA receives no annual appropriation from the Legislature.
