**4515 - JUVENILE OPERATIONS AND JUVENILE OFFENDER PROGRAMS**

The Department accepts commitments from California courts provided that the person to be committed meets age requirements, can materially benefit from institutional programs, and there are adequate facilities available to care for the individual.

The objective of the Juvenile Operations and Juvenile Offender program is to operate safe and secure juvenile facilities, perform tasks related to routine day-to-day operations of the facilities and camp, and provide juvenile offenders necessary services such as security, feeding, clothing, and facility operations. In addition, this program provides staff training, juvenile offender intake and court services, population management services, facility maintenance, and maintains juvenile offender master files. This program currently oversees operations for three facilities and one conservation camp.

Treatment programs begin with diagnostic studies, program assignment, objective setting and progress evaluation, and post release planning for each offender. Based on the results of this process, various counseling and evidence-based treatment programs are recommended, including mental health and other cognitive behavior programs (i.e., anger interruption therapy, sex offender treatment, general population outpatient services, and substance abuse treatment programs), camp programs, and work employability programs. These evidence-based programs are designed to promote positive social behavior and reduce recidivism and relapse.

The Juvenile Academic and Vocational Education programs are accredited by the Western Association of Schools and Colleges and include core academic and career/technical preparation high school courses, general education development preparation, basic skills enhancement, and college preparation. The objective of the Parole Operations - Adult Supervision program is to improve public safety by increasing the rate and degree of successful reintegration and release to society of offenders paroled from state prison. The program is responsible for providing direct supervision, surveillance, and necessary apprehension of the state's parolee population. The main components of supervision include Global Positioning System (GPS) monitoring, the Sex Offender Management Program which incorporates the containment model strategy as required by statute, and general caseload supervision utilizing the California Parole Supervision and Reintegration Model, which incorporates evidence-based practices into the Division of Adult Parole Operations' supervision strategies to elicit long-term behavioral change to reduce recidivism.

Standard and specialized caseloads and the degree of supervision are determined by case factors related to the offender's risk and current service needs. Based on case assessments, parolees may be placed in a higher-supervision category intended to prevent, detect, or interrupt behavior likely to endanger the community. Case supervision, reassessment, and reclassification are regularly scheduled based on parolee behavior and stability in the community.

The other integral program component is the Parole Planning and Placement Program, which identifies parolee needs and matches them with state and local programs to support a successful transition into local communities.

### 4575 - BOARD OF PAROLE HEARINGS - ADULT HEARINGS

The objective of the Board of Parole Hearings - Adult Hearings is to promote public safety through fair parole processes and decisions, and to provide the required due process to inmates throughout the hearing process.

For adult offenders, the Board of Parole Hearings is responsible for setting the terms and conditions of parole and conducting parole consideration hearings for eligible inmates serving life sentences, including certain parole violators pursuant to Penal Code Section 3000.1. In January 2014, the Board began conducting youth offender parole hearings for eligible offenders sentenced under both the Indeterminate Sentence Law and Determinate Sentence Law, pursuant to Chapter 312, Statutes of 2013. In 2014, the Board also began conducting parole hearings for inmates eligible for elderly parole sentenced under both the Indeterminate Sentence Law and the Determinate Sentence Law, pursuant to a federal court order. Beginning in January 2015, the Board started evaluating certain inmates sentenced under the state's Second Strike Law for parole, pursuant to the same federal court order. The Board also conducts medical parole hearings and determines whether parolees should be discharged from parole. Screenings are conducted for mentally disordered offenders and sexually violent predators, and subsequent hearing referrals are made to the Department of Mental Health. In addition, at the Governor's request, the Board investigates applications and forwards recommendations for pardons and commutations of sentence, including those involving the death penalty. It also has the discretion to recommend to the court that a prisoner's sentence be recalled due to the inmate's significant health condition.

Chapter 312, Statutes of 2013 (SB 260) required the Board to establish parole suitability hearings for offenders who were under 18 at the time they committed their controlling offense. Chapter 471, Statutes of 2015 (SB 261) extended the youth offender hearings to inmates who were under the age of 23 at the time of their offense. SB 261 specified that the Board complete a new comprehensive risk assessment for each youth offender scheduled for a parole hearing that specifically addresses the diminished culpability of juveniles as compared to that of adults, the hallmark features of youth, and any subsequent growth and increased maturity of the individual. Chapter 675, Statutes of 2017 (AB 1308) expands youth offender hearings to inmates who were under the age of 26 at the time of their offense.

For juvenile offenders, the Juvenile Parole Board is responsible for discharges of commitment, orders for discharge from the jurisdiction of the Division of Juvenile Facilities to the jurisdiction of the committing court, and disciplinary appeals.

## 5227 Board of State and Community Corrections

The mission of the Board of State and Community Corrections (BSCC) is to provide statewide leadership, coordination, and technical assistance to promote effective state and local efforts and partnerships in California's adult and juvenile criminal justice system, including technical assistance and coordination to local governments related to 2011 public safety realignment. This mission reflects the principle of aligning fiscal policy and correctional practices, including prevention, intervention, suppression, and supervision. The goal is to promote a justice investment strategy that fits each county and is consistent with the integrated statewide goal of improved public safety through cost-effective, promising, and evidence-based strategies for managing criminal justice populations.

Because the Board of State and Community Corrections' programs drive a need for infrastructure investment, the Board has a capital outlay program to support this need. For the specifics on the Board's capital outlay program see "Infrastructure Overview."

## 5420 Prison Industry Authority

The California Prison Industry Authority (CALPIA) is a self-supporting state entity operating California's correctional industries in a manner similar to private industry. The CALPIA is overseen by the Prison Industry Board, which acts much like a corporate board of directors. The Board is composed of 11 members, including the Secretary of the California Department of Corrections and Rehabilitation (CDCR) or his or her designee, the Director of the Department of General Services or his or her designee, the Secretary of California State Transportation Agency or his or her designee, two public members appointed by the Speaker of the Assembly, two public members appointed by the Senate Committee on Rules, and four members appointed by the Governor representing organized labor and industry. The Secretary of the CDCR or his or her designee serves as chair of the Board.

The CALPIA supports the public safety mission of the CDCR by producing well-trained offenders that have a job skill, good work habits, basic education, and job support in the community to reduce the likelihood of returning to prison. The CALPIA work programs also help the CDCR to avoid the cost of alternative inmate programming.

The CALPIA has three statutory objectives: 1) develop and operate manufacturing, agricultural, and service enterprises that provide work opportunities for offenders under the jurisdiction of the CDCR; 2) create and maintain working conditions within enterprises similar to those which prevail in private industry to assure offenders assigned therein the opportunity to work productively to earn funds and to acquire or improve effective work habits and occupational skills; and 3) operate work programs for offenders that are self-supporting through the generation of sufficient funds from the sale of products and services to pay all program expenses, and which provide goods and services to be used by the CDCR, thereby reducing the costs of its operation. The CALPIA receives no annual appropriation from the Legislature.
