MAJOR PROGRAM CHANGES

- **Adult Inmate and Parolee Population**—Compared to the 2018 Budget Act, the adult inmate average daily population is projected to decrease by 1,019 in 2019-20, to a total of 125,871. Compared to 2018-19 at the 2018 Budget Act, the 2019 Budget Act projects an increase in the average daily parolee population of 1,907 in 2019-20, to a total of 50,442.
- **Adult Medical and Pharmaceutical Program**—Compared to the 2018 Budget Act, the population of adult inmates in CDCR-operated prisons receiving in-prison medical services is projected to increase by 443 in 2019-20, to a total of 117,896. Based on the current Medical Classification Model staffing ratios and pharmaceutical cost projection, these changes will result in General Fund expenditure increases of \$23.3 million in 2018-19 and \$26.3 million in 2019-20.
- **Juvenile Ward Population**—Compared to the 2018 Budget Act, the ward population is projected to increase by 136 in 2019-20 to a total of 782. The increase is driven by continued implementation of the Young Adult Program, which redirects certain young adult male offenders from adult prison into a juvenile facility. These changes result in General Fund expenditure increases of \$3.6 million in 2018-19 and \$15 million in 2019-20, exclusive of revenues and adjustments to reimbursement authority. These amounts also include corrections for certain living units originally budgeted in prior years.
- **Mental Health Program**—Compared to the 2018 Budget Act, the population of inmates requiring outpatient mental health treatment is projected to decrease by 306 in 2019-20, to a total of 35,360. Based on the current Mental Health Staffing Ratios the Mental Health Program will note General Fund expenditure decreases of \$1.1 million in 2018-19 and \$8.7 million in 2019-20.
- **Prison Roof Replacements**—The Budget includes a total of \$71.7 million General Fund over two years for roof replacement projects at High Desert State Prison and California State Prison, Solano, as part of a broad, multiyear plan to replace aging and deteriorating roofs across the state prison system.
- **Integrated Substance Use Disorder Treatment Program**—The Budget includes \$71.3 million General Fund in 2019-20, increasing to \$164.8 million ongoing General Fund in 2021-22, to implement a statewide integrated substance use disorder treatment program. The program includes use of medication-assisted treatment to treat inmates with opioid and alcohol use disorders, redesign of the current cognitive behavioral treatment curriculum, development and management of inmate treatment plans, as well as substance use disorder-specific pre-release transition planning.
- **Contract Medical Augmentation**—The Budget includes \$61.9 million one-time General Fund to support the expanded usage of contract medical services for inmates who require treatment that cannot be provided in prison clinical environments.

The Receiver's office will update contract medical funding as part of the population adjustment processes.

- **Fire Alarm Replacement and Fire System Repair**—The Budget includes a total of \$59 million General Fund over two years to replace fire alarm systems and repair fire suppression systems at Mule Creek State Prison, R.J. Donovan Correctional Facility, and California State Prison, Sacramento. These funds will replace aging and outdated fire alarm systems and bring the existing fire suppression systems into code compliance.
- **Medical Classification Model Updates**—The Budget includes \$27.9 million ongoing General Fund for the Receiver's Medical Classification Model to provide increased staffing levels for health care operations throughout California's prison system. The Medical Classification Model uses a ratio-based methodology for adjusting medical staffing levels based on inmate medical classification. The inmate population has grown older and sicker and is experiencing an increase in trauma-related incidents, which requires an update to specific model factors that determine resource needs.
- **Fleet**—The Budget includes \$23.7 million one-time General Fund to replace fleet assets that serve mission-critical functions.
- **Prison Maintenance**—The Budget includes \$18.5 million General Fund to establish a new funding methodology and increase the baseline budget for annual prison maintenance and repair costs based on a square footage rather than a per inmate calculation. The Budget also includes \$25 million one-time General Fund to address the Department's highest priority deferred maintenance projects.
- **Division of Juvenile Justice Reorganization**—The Budget includes \$1.2 million ongoing General Fund to facilitate transition of the Division of Juvenile Justice to the California Health and Human Services Agency, as well as to launch a new independent training institute. The Budget also includes \$8 million ongoing General Fund to establish therapeutic communities to provide youth with opportunities to discuss, demonstrate, and practice values and skills related to building positive and supportive relationships that transcend racial and gang grouping and mentality, intended to reduce violence and improve program participation.
- **Inmate Complaint Process**—The Budget includes \$9.8 million ongoing General Fund to implement a new regional model for reviewing inmate complaints of staff misconduct. This new approach is intended to improve the Department's ability to review and respond to potential staff misconduct issues. It will also improve objectivity and reduce bias, increase training for appropriate staff and management, and establish internal auditing of the inquiry process.
- **Reentry Program Expansion**—The Budget includes \$8.8 million General Fund to establish two new 60-bed female facilities in Los Angeles and Riverside, and expand an existing male facility in Los Angeles by 10 beds. In addition, the Budget includes \$1.5 million ongoing General Fund to provide a five percent contract rate increase for Male Community Reentry Program providers.
- **Americans with Disabilities Act Accessibility Improvements**—The Budget includes a total of \$8.4 million General Fund over two years to fund accessibility improvements at the California Institution for Women and Mule Creek State Prison. These resources will result in various modifications that include, but are not limited to, cells, dorms, showers, restrooms, paths of travel, doors, handrails, and drinking fountains.
- **Receiver: Telehealth Expansion**—The Budget includes \$6 million limited-term General Fund to provide increased staffing, facilities, and infrastructure support for expanding the Telehealth Program, which utilizes audio-visual technology and other electronic means to connect patients with clinicians via the internet. The funding will also support implementation of a disaster recovery plan for networking and data storage infrastructure.

- **Tattoo Removal Program**—The Budget includes \$1.1 million General Fund in 2019-20, and \$2.1 million General Fund through 2022-23, to expand the tattoo removal program for the adult inmate population. This funding will allow the Department to remove tattoos from approximately 3,000 additional offenders annually with a focus on those who are seeking to leave gangs or are within 1 to 2 years of release on a voluntary basis.

4505 - PEACE OFFICER SELECTION AND EMPLOYEE DEVELOPMENT

The Peace Officer Selection and Employee Development program is responsible for planning, organizing, analyzing, and managing peace officer selection through the recruitment, application, testing, background investigation, and medical/psychological screening processes. The program is also responsible for academy training and employee development for all departmental staff.

4510 - DEPARTMENT OF JUSTICE LEGAL SERVICES

The objective of the Department of Justice Legal Services program is to provide transparency for the cost of legal services provided by the Department of Justice to CDCR.

4515 - JUVENILE OPERATIONS AND JUVENILE OFFENDER PROGRAMS

The Department accepts commitments from California courts when the person to be committed meets age requirements, can materially benefit from institutional programs, and if there are adequate facilities available to care for the individual.

The objective of the Juvenile Operations and Juvenile Offender program is to operate safe and secure juvenile facilities and perform tasks related to routine day-to-day operations of the facilities and camp, including, feeding, clothing, and facility operations. In addition, this program provides staff training, juvenile offender intake and court services, population management services, facility maintenance, and maintains juvenile offender master files. This program currently oversees operations for three facilities and one conservation camp.

Treatment programs begin with diagnostic studies, program assignment, objective setting and progress evaluation, and post release planning for each offender. Based on the results of this process, various counseling and evidence-based treatment programs are recommended, including mental health and other cognitive behavior programs (i.e., anger interruption therapy, sex offender treatment, general population outpatient services, and substance abuse treatment programs), camp programs, and work employability programs. These evidence-based programs are designed to promote positive social behavior and reduce recidivism and relapse.

4520 - JUVENILE ACADEMIC AND VOCATIONAL EDUCATION

The Education Services Branch of the Division of Juvenile Justice operates as a local education agency known as the California Education Authority. Its mission is to empower each student to become a civil, responsible, employable, and knowledgeable lifelong learner for successful transition to the community upon release.

The Juvenile Academic and Vocational Education programs are accredited by the Western Association of Schools and Colleges and include core academic and career/technical preparation high school courses, general education development preparation, basic skills enhancement, and college preparation. All students must meet the California Common Core State Standards and earn the appropriate number of course credits to graduate. Supplemental services include special education, English learner services, basic skills enhancement, library services, character development courses, and high school credit for work experience.

4525 - JUVENILE HEALTH CARE SERVICES

The objective of the Juvenile Health Care Services program is to provide medical, dental, and mental health care consistent with adopted standards for the quality and scope of services within a custodial environment. The program strives to achieve this mission by providing cost-effective, timely, and competent care. In addition, Juvenile Health Care Services is responsible for overseeing and implementing the Integrated Behavioral Treatment Model, which uses evidence-based principles of a cognitive behavioral treatment program to guide the development of the best program for the unique needs of the youth and young adult population.

4530 - ADULT CORRECTIONS AND REHABILITATION OPERATIONS - GENERAL SECURITY

CDCR is required by statute to accept convicted felons from California courts when their sentence is imprisonment in a state correctional facility. The objective of the Adult Corrections and Rehabilitation Operations - General Security program is to provide safe and secure detention facilities to protect public safety. 5225 Department of Corrections and Rehabilitation - Continued

which have reception centers, 1 leased facility, and 43 conservation camps. This program also identifies custody overtime expenditures associated with housing, guarding, and transporting inmates.

The objective of the Parole Operations - Adult Supervision program is to improve public safety by increasing the rate and degree of successful reintegration and release to society of offenders paroled from state prison. The program is responsible for providing direct supervision, surveillance, and necessary apprehension of the state's parolee population. The main components of supervision include Global Positioning System (GPS) monitoring, the Sex Offender Management Program which incorporates the containment model strategy as required by statute, and general caseload supervision utilizing the California Parole Supervision and Reintegration Model, which incorporates evidence-based practices into the Division of Adult Parole Operations' supervision strategies to elicit long-term behavioral change to reduce recidivism.

Standard and specialized caseloads and the degree of supervision are determined by case factors related to the offender's risk and current service needs. Based on case assessments, parolees may be placed in a higher-supervision category intended to prevent, detect, or interrupt behavior likely to endanger the community. Case supervision, reassessment, and reclassification are regularly scheduled based on parolee behavior and stability in the community.

The other integral program component is the Parole Planning and Placement Program, which identifies parolee needs and matches them with state and local programs to support a successful transition into local communities.

4560 - PAROLE OPERATIONS - ADULT COMMUNITY BASED PROGRAMS

Rehabilitative Programs and Parole Operations - Adult Community Based Programs utilize a variety of rehabilitative and reentry assistance programs designed to promote successful reintegration of parolees while protecting public safety. 5225 Department of Corrections and Rehabilitation - Continued

State Authorized Risk Assessment Tool for Sex Offenders Committee is to select and train providers on the best evidence-based risk assessment tools in the treatment of sex offenders.

4575 - BOARD OF PAROLE HEARINGS - ADULT HEARINGS

The objective of the Board of Parole Hearings - Adult Hearings is to promote public safety through fair parole processes and decisions, and to provide the required due process to inmates throughout the hearing process.

For adult offenders, the Board of Parole Hearings is responsible for setting the terms and conditions of parole and conducting parole consideration hearings for eligible inmates serving life sentences, including certain parole violators pursuant to Penal Code Section 3000.1. In January 2014, the Board began conducting youth offender parole hearings for eligible offenders sentenced under both the Indeterminate Sentence Law and Determinate Sentence Law, pursuant to Chapter 312, Statutes of 2013. In 2014, the Board also began conducting parole hearings for inmates eligible for elderly parole sentenced under both the Indeterminate Sentence Law and the Determinate Sentence Law, pursuant to a federal court order. Beginning in January 2015, the Board started evaluating certain inmates sentenced under the state's Second Strike Law for parole, pursuant to the same federal court order. The Board also conducts medical parole hearings and determines whether parolees should be discharged from parole. Screenings are conducted for mentally disordered offenders and sexually violent predators, and subsequent hearing referrals are made to the Department of Mental Health. In addition, at the Governor's request, the Board investigates applications and forwards recommendations for pardons and commutations of sentence, including those involving the death penalty. It also has the discretion to recommend to the court that a prisoner's sentence be recalled due to the inmate's significant health condition.

Chapter 312, Statutes of 2013 (SB 260) required the Board to establish parole suitability hearings for offenders who were under the age of 18 at the time they committed their controlling offense. Chapter 471, Statutes of 2015 (SB 261) extended the youth offender hearings to inmates who were under the age of 23 at the time of their offense. SB 261 specified that the Board complete a new comprehensive risk assessment for each youth offender scheduled for a parole hearing that specifically addresses the diminished culpability of juveniles as compared to that of adults, the hallmark features of youth, and any subsequent growth and increased maturity of the individual. Chapter 675, Statutes of 2017 (AB 1308) expands youth offender hearings to inmates who were under the age of 26 at the time of their offense.

For juvenile offenders, the Juvenile Parole Board is responsible for discharges of commitment, orders for discharge from the jurisdiction of the Division of Juvenile Facilities to the jurisdiction of the committing court, and disciplinary appeals.

5227 Board of State and Community Corrections

The mission of the Board of State and Community Corrections (BSCC) is to provide statewide leadership, coordination, and technical assistance to promote effective state and local efforts and partnerships in California's adult and juvenile criminal justice system, including technical assistance and coordination to local governments related to 2011 Public Safety Realignment. This mission reflects the principle of aligning fiscal policy and correctional practices including prevention, intervention, suppression, and supervision. The goal is to promote a justice investment strategy that fits each county and is consistent with the integrated statewide goal of improved public safety through cost-effective, promising, and evidence-based strategies for managing criminal justice populations.

Because the Board of State and Community Corrections' programs drive a need for infrastructure investment, the Board has a capital outlay program to support this need. For the specifics on the Board's capital outlay program see "Infrastructure Overview."

5420 Prison Industry Authority

The California Prison Industry Authority (CALPIA) is a self-supporting state entity operating California's correctional industries in a manner similar to private industry. The CALPIA is overseen by the Prison Industry Board, which acts much like a corporate board of directors. The Board is composed of 11 members, including the Secretary of the California Department of Corrections and Rehabilitation (CDCR) or his or her designee, the Director of the Department of General Services or his or her designee, the Secretary of California State Transportation Agency or his or her designee, two public members appointed by the Speaker of the Assembly, two public members appointed by the Senate Committee on Rules, and four members appointed by the Governor representing organized labor and industry. The Secretary of the CDCR or his or her designee serves as chair of the Board.

The CALPIA supports the public safety mission of the CDCR by producing well-trained offenders that have a job skill, good work habits, basic education, and job support in the community to reduce the likelihood of returning to prison. The CALPIA work programs also help the CDCR to avoid the cost of alternative inmate programming.

The CALPIA has three statutory objectives: 1) develop and operate manufacturing, agricultural, and service enterprises that provide work opportunities for offenders under the jurisdiction of the CDCR; 2) create and maintain working conditions within enterprises similar to those which prevail in private industry to assure offenders assigned therein the opportunity to work productively to earn funds and to acquire or improve effective work habits and occupational skills; and 3) operate work programs for offenders that are self-supporting through the generation of sufficient funds from the sale of products and services to pay all program expenses, and which provide goods and services to be used by the CDCR, thereby reducing the costs of its operation. The CALPIA receives no annual appropriation from the Legislature.
